IS THE DELETION DOCKET for OU1 of the VB/I70 Superfund site AVAILABLE IN EPA REGION 8 OFFICE?

REPORT - CLOSE OUT PROCEDURES FOR NATIONAL PRIORITIES LIST SITES - OSWER DIRECTIVE 9320.2-22

5.4.2 Deletion Docket

The region prepares a deletion docket containing all pertinent information supporting the deletion recommendation. The deletion docket is not a continuation of the Administrative Record for the site. Documents in the Administrative Record can be referenced and do not have to be duplicated in the deletion docket (provided the Administrative Record is still available to the public). In addition to containing the documentation supporting the deletion, the docket also contains copies of the *Federal Register* deletion notices, Responsiveness summary and public comments, as appropriate. **The deletion docket should be available to the public at the EPA regional office public docket, a local repository, and online in the site Federal Docket Management System (FDMS).**
